RESETTLEMENT ACTION PLAN FOR REHABILITATION OF MTHAWIRA PARKWAY IN BLANTYRE CITY

DECLARATION OF THE CUT-OFF DATE

Dear Stakeholders/Community,

Blantyre City Council (BCC), on behalf of the Government of Malawi, is rehabilitating the 8.4 km Mthawira Parkway (Chileka Road junction, Chirimba, to South Lunzu – Mthawira Ward/Machinjiri Area 12) under the Regional Climate Resilience Programme 2 (RCRP-2). The Project's 25-metre Right of Way (RoW) Corridor (12.5 m either side of the road centre line) will cause physical and economic displacement. This has necessitated a Resettlement Action Plan (RAP), for which GMT Consults LTD (GMT) is the RAP Consultant.

The cut-off date for eligibility for compensation and assistance under the RAP is **Tuesday, 18 August 2026** – the deadline to register all affected persons, assets, and livelihoods within the confirmed RoW Corridor.

Please note that any person acquiring land, constructing structures, planting crops or trees, or starting a business within the RoW Corridor after the Cut-Off Date is not eligible for compensation or resettlement assistance.

Grievance Mechanism: You may raise concerns or disputes about the census, asset inventory, or eligibility through the Grievance Redress Mechanism (GRM) via your Site GRM Committee, the Blantyre City GRMC, and Grievance Boxes at BCC offices.

YOU CAN FIND OUT MORE BY TALKING TO:

Blantyre City Council: Call 351 Toll freeline, or William Chimzinga (BCC RCRP-2 Environmental & Social Officer) 0999 034 713, email billchimzinga@gmail.com.
